WHAT IS CLUB VOLLEYBALL?

Club volleyball is a highly organized, nationwide, competitive volleyball network designed for athletes to refine their volleyball skills, compete at the regional and national level, expose their abilities to collegiate recruiters if interested in playing at that level and train to achieve any development goals they may have for the sport of volleyball.

Club teams are made up of boys and girls, ages 8-18, from all over the country that compete in local, regional and national events. Girls Club season runs from November through May.

Players choose to participate in club volleyball for a variety of reasons. Many play because they love the sport, the competition and team camaraderie. Others want to improve their volleyball skills, while others play because they hope to earn a college scholarship. CJVA's staff will work diligently to assist players wishing to compete at the collegiate level.

ABOUT CJVA

Central Jersey Volleyball Academy is a non-profit 501c3 organization. Started in 2004, our goal is to provide young athletes an opportunity to participate in competitive volleyball, while instilling values of good sportsmanship, cooperation, self-discipline and confidence. With quality coaching, teamwork, and individual determination, youth athletes can achieve a high level of success.

CJVA is committed to providing athletes with the best possible opportunities to develop and improve their skills through high quality practices and high level competitions at both regional and national levels. Our athletes should expect to be CJVA ambassadors and represent the club both on and off the court. We want to develop well-rounded athletes, because lessons they learn from volleyball will be with them for life.

TEAMS LEVELS

CJVA offers three levels of team competition. Team placement is based on try-out results as well as commitment and the needs of the athlete. Our goal is to assign players to teams where they will have the best chance of individual success and be most capable of making a significant contribution to the team's success, as well as to meet the needs of the team to allow for the strongest possible lineup.

BLACK & WHITE TEAMS are highly competitive and compete at the OPEN level at all region events. At multi-day and qualifiers teams will play in a level best suited for them. Black & White teams train 3 times per week and participate in 5 regional & 5 multi-day tournaments.

RED & GRAY TEAMS are highly competitive and compete at the CLUB level at all region events. Red & Gray Teams train 2 times per week. Red teams participate in 7 regional & 2 multi-day tournaments, while Gray teams participant in 5 Regional tournaments only.
